The New Jersey DEP lawyer assigned to the Asbestos Dump is John Dickinson. His telephone is 609-984-3729. The technical contacts are Dennis Faherty and George Klein.

Bob McKnight has contacted Kathy Locane, Custodian of Records for Division of Water Resources. Her telephone is 609-292-5602 and her address is 1474 Prospect St., Trenton, 08625.

On April 19, 1983, I called Dickinson. He said he had copies of lots of the documents and would be available Tuesday April 24, Friday April 27 and possibly Monday April 25. I said that I would recommend to Bob McKnight that he look at Dickinson's files. Dickinson suggested that Bob should call him in advance. Dickinson was going to call Locane.
